

Stu's Deer Repellant

From the Norwalk River Watershed Association newsletter

- 1 ½ gallons of water
- $\frac{2}{3}$ to $\frac{3}{4}$ cup Tabasco or hot pepper sauce
- 1 tablespoon corn oil
- 2 tablespoons Dawn dish detergent
- 1 heaping Tablespoon dry mustard

Mix ingredients together then spray the tops, underside, and stems of plants once a month. More if it rains heavily. If deep nibble at certain plants, spray them again. Wear gloves and protective glasses when spraying.
